Email Date of birth

The College awards a significant number of scholarships each year, ranging from \$1,000 to a much higher amount which covers College residential fees for three years. Please use this form for any scholarship application – you will be considered for all scholarships for which you are eligible.

Most scholarships are awarded for 12 months (in the first instance) and are renewable for a further two years. Tenure is reviewed annually and there is an expectation that not less than a Distinction average will be maintained by the holder.

Generally, the Scholarship Committee does not award major scholarships to Freshmen who are not intending to proceed beyond Semester 1 with their Degree at the University of Sydney. This particularly applies to those who have applied for admission to and are expecting to attend a northern hemisphere university starting early in Sydney University's second semester.

Men undertaking a study abroad semester during their Sydney degree will be accommodated within the Scholarship schedule.

Please do not include any additional material other than academic results, unless you are completing Part B.

Some of the scholarships are means related. If you wish to be considered for any means-related award, please complete both Part A and Part B.

Applications for 2009 scholarships should be received by Friday 28 November 2008.

NOTE: The completion of this form does not constitute a general application to St Paul's College. All applications for residency should be made separately using the appropriate application form.

Applicants for means-related scholarships – please also complete Part B.

PART A TO BE COMPLETED BY ALL SCHOLARSHIP APPLICANTS.

Please supply details of achievement, outstanding performance and level of involvement (last two years only):
