ST PAUL'S COLLEGE FOUNDATION

ANNUAL REPORT 2019

It has been another fruitful year of transition for St Paul's College in 2019, with highlights being: the commencement of the new *St Paul's College Act* on 4 February 2019, followed by the formation of a new College Council on 31 March 2019; the official opening of the Ivan Head and McMillan Buildings and the launch of Graduate House; the 20th anniversary of the Albert Wing, marked by the hanging of former Foundation Chairman Robert Albert's portrait in the College Dining Hall; the signing of an affiliation agreement between the College and the University of Sydney, to reflect a shared commitment to promote each other's respective reputations as leading educational institutions and to build connections across the broader University community; the departure of the Warden, Dr Donald Markwell, to St Mark's College in Adelaide in September; and the exciting appointment of Old Pauline the Rev'd Dr Ed Loane as the twelfth Warden of St Paul's College, commencing in January 2020.

Throughout, the strength and support of the Foundation continues to underpin the College. In 2019 the Foundation increased its annual grant to the College from \$600,000 to \$775,000. This was provided primarily to fund additional scholarships for the expanded College, including for Graduate House and particularly seeking to attract worthy students to the College who have demonstrable financial need and who come from a range of backgrounds.

In addition, the Foundation made a one-off grant of \$500,000 to assist the College in undertaking the next stage of essential fire safety works required by the City of Sydney. Works to date include changes to carpets in the corridors of the Radford and Blacket buildings, fire isolation of electrical boards, exit door signage and hardware, stairwell balustrades, and design work for the forthcoming installation of fire hydrants and additional sprinklers. These works are made more complex by the heritage nature of the College's buildings. The Foundation's support has been critical to date and further support may be needed to complete the required works in coming years.

In this context we are pleased to report that the Foundation's investments have performed very well. At 31 October 2019 the investment value was \$21.8 million, ahead of \$21.2 million at the same time last year notwithstanding the grants of \$1.275 million to the College during the year.

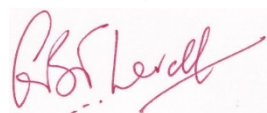

We gratefully received donations this year in excess of \$160,000, from 313 individuals including 230 current parents as part of the optional donation programme with student fees. Many of these parents generously donated more than once. We welcome five new Life Members in Scott McMillan (1980), Xavier Morris (2018), Greg Perry (Parent), Dr Kai-Kai Toh (1989), Peter White (1962) and a wonderful donation from Mrs Alison Peterson in memory of Ernest Frederick Waddy (1902).

It is clear, now more than ever, that the College depends upon the support of its Foundation. The College is larger, in both its building footprint and its student population, than it ever has been. We aspire for the College to be open to all worthy applicants, particularly students from regional, rural and remote areas and families who may need assistance to cover the costs of the College's outstanding offering, encompassing accommodation, food, academic programme and extra-curricular activities. And there remains a duty to maintain the College's cultural and heritage significance. The Foundation will continue to be called upon to assist with all of this, so that current students and their families do not need to shoulder this burden.

So, once again, we urge all supporters of the College to do all you can, as soon as possible and as much as possible, to hand on the opportunities the College offers in even better shape to future generations. Please give generously so that St Paul's may continue to offer a world-class collegiate education and maintain its important role in service of Australia.

Finally, we would like to acknowledge the sterling contributions of both Dr Mick Swinburn and Matthew White SC, who retired as Directors during the past year after serving since 1977 and 2012 respectively. Lloyd Waddy happily continues as Vice-Chairman, notwithstanding retirement as a Fellow of the College in March 2019 after 48 years.

This year's AGM will be held at the College, to showcase its beautiful new buildings and for donors to see firsthand College life today. We look forward to welcoming you then, to hear more about the Foundation's year, to see old friends, and to encourage each other in the great endeavour of St Paul's College.
