

The Webster Scholarship in Veterinary Medicine

Established in 2023, the Webster Scholarship provides support towards the cost of accommodation at St Paul's College for students commencing the Bachelor of Veterinary Biology/Doctor of Veterinary Medicine. Students will have the opportunity to reside at St Paul's College and take advantage of the academic and peer support structures that Australia's oldest university college provides.

Value:

- The Scholarship will provide significant financial support of over \$30,000 per annum to support with college fees for up to 4 years
- Recipient will receive support for college fees during the first 2 years of the Bachelor of Veterinary Biology and first 2 years of the Doctor of Veterinary Medicine
- The Scholarship will also provide the student with a stipend of \$5000 for the 3rd year of the Doctor of Veterinary Medicine.

Eligibility:

- Domestic student
- Applicants must be able to demonstrate low socio-economic status (via the UAC application form)
- Students from rural, regional and remote Australia are encouraged to apply
- The successful applicant will have received an unconditional offer of admission and commencing full-time study in the Bachelor of Veterinary Biology/Doctor of Veterinary Medicine at the University of Sydney

How to apply:

- Complete the UAC application, including financial information, for entry into BVB/DVM
- Complete and submit an [application form](#) on the St Paul's College website
- Check the box in this form to indicate you are applying for a bursary (*NB you do not need to complete the St Paul's bursary form, financial status will be assessed from UAC data*)
- Visit the University of Sydney scholarships website for Terms and Conditions
